20/9/24 - Last Day of Term 3

TERM 3, WEEK 5 NEWSLETTER

Hats

As per our SunSmart policy, all children need to be wearing a broad brimmed school hat from the 14th August. Hats are available for sale from the office if your

child needs a new one.

Lost uniform

There are many items of school uniform that have been left behind and piled high in the library. Some of these items have been there for quite a long time. The clothing and other lost items will be out in the eating area this week only. After this time, we will be rehoming the left over items. PLEASE REMEMBER TO NAME ITEMS as it makes it hard to know who the owner is without one.

Excursion to Kyabram Fauna Park

On 20th August the F-2 department will travel to the Kyabram Fauna Park for a day of discovery. They will get to see all the animals at the park and also take part in a classroom session where they will learn more about animals.

Subway lunch

Our second lunch order day for this term is Friday 23rd August.

Sharon Thompson

Happiness Through Achievement

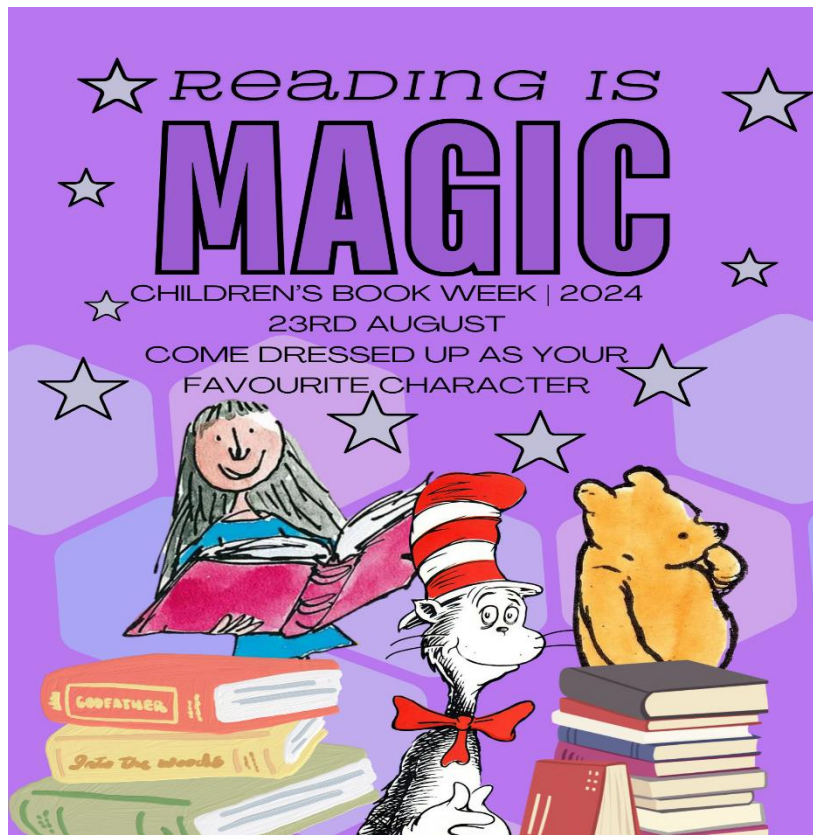

Student of the Week Friday 2/08/2023

Room 18	Alex Jafer	Alizada Muhammad Juma	For being a leader in our class by consistently showing all three school values.

Happiness Through Achievement

Deadline near for new Higher Ability Program for incoming GSSC students

Greater Shepparton Secondary College is offering a new High Ability Program to Year 7 students in 2025. This is for incoming students who would gain from further challenges in critical thinking and collaboration.

This program will allow students to delve deeper into subject areas as they edge towards their senior secondary schooling years.

Year 7 students in the program will be placed in a core class together, which they will continue in through Years 7, 8 and 9. This will provide students an opportunity to learn and grow with like-minded peers and set themselves up for the rigour of senior secondary school.

Application process

Entry into the High Ability Program is via:

- An assessment which mirrors the General Achievement Test and tests student's critical thinking abilities and capacity to write and;
- GSSC working in consultation with primary schools to gather a range of data including from NAPLAN and Progressive Achievement Tests (PAT), as well as Semester Reports.

Assessment details

Students may apply to sit the High Ability Program assessment to be considered for entry. Assessments will take place on the following days.

- 9.30am or 11.45am on Sunday September 15 and;
- 9.30am or 11.45am on Monday September 23.

This will be held in the Enterprise building on Hawdon St. Laptops will be provided to students to complete testing.

Next steps

Families may express their interest to undertake the High Ability Program assessment by completing this form:

<https://forms.office.com/r/3jkkzNTLM4>

Applications close **on Friday August 16.**

Based on assessment results, GSSC will shortlist students and make final selections through a cross-reference with data from primary and secondary schools, including results from NAPLAN, PAT testing and effort and attitude comments in Semester Reports.

When completing the EOI form, please indicate your consent for GSSC to access this data via your child's primary school.
