## TERM 4, NEWSLETTER

### Swimming week

Next week is our annual swimming program at Aquamoves. Please make sure your child has a plastic bag, bathers and towel. It is also handy if your child's clothes are named in case they misplace them. There is no space on our buses to take parents, but parents are welcome to go to Aquamoves to watch the lessons.

### Transition sessions

We have been getting great numbers at our Foundation transition sessions. These continue up until 10<sup>th</sup> December, when the statewide transition day occurs for all primary and secondary students. Our grade 6s are participating in many activities in relation to secondary school, with all grade 6 students attending their secondary school on 10<sup>th</sup> December.

### Graduation of our grade 6 students

This will be occurring on Friday 13<sup>th</sup> December at 9:30am. After the formal graduation ceremony, our grade 6 students will head off for their grade 6 fun day.

### Reports

Our teachers are busy preparing reports. Once these are completed, they will be released on Compass on Friday 13<sup>th</sup> December.

### School communications

Did you know that it is easy to see all the information you need about activities your child is involved in? Use the Compass app to see excursions and incursions. There is also a link through Compass to our school website that has this information. Our Facebook page also informs you of our latest news.

### Protecting against mosquito-borne diseases

Warm and wet weather can result in greater numbers of mosquitoes and increased risk of illnesses from mosquito bites. While the overall risk is low, some mosquitoes carry diseases that make people sick.

The best protection against mosquito-borne illness is to avoid mosquito bites.

Families can protect against mosquito bites by:

- Covering up as much as possible with long, loose-fitting, light-coloured clothing
- Applying insect repellent that contains picaridin or DEET on exposed skin when leaving home
- Limiting outdoor activity if lots of mosquitoes are active. Families with any health concerns should see their doctor or phone NURSE-ON-CALL: 1300 606 024 (available 24 hours).

Cheers

Sharon Thompson

## SCHOOL DENTAL PROGRAM

Dear Parents/Carers,

As you might be aware, we have had the School Dental Program - 'Smile Squad' – attend our school to give the students information on good dental health, undertake dental examinations and, where required, organise follow-up treatment. While the program is voluntary, many of you consented for your child/children to participate in the Smile Squad program.

To better understand the delivery of the Smile Squad program including benefits and challenges, an independent firm (Abt Global) has been engaged to evaluate the program. This is your opportunity to provide feedback on your experience of the program. If you didn't consent for your child/children to participate in Smile Squad they are also keen to hear from you. The evaluation team want to understand why you chose not to participate. So, whether you participated or not, this is an opportunity to provide feedback so that improvements can be made to the Smile Squad program.

To participate in the evaluation, you can complete a confidential 5–10-minute survey. The survey does not require you to provide any information to the evaluation team that identifies you, however the survey does ask what school your child/children attend. Here is the link to the survey.

[https://abtassoc.qualtrics.com/ife/form/SV\\_bf6YJUMs3NkfHWm](https://abtassoc.qualtrics.com/ife/form/SV_bf6YJUMs3NkfHWm)

We encourage you to participate in this short survey and provide valuable feedback on Smile Squad. If you would like to provide more detailed feedback to the evaluation team, please contact Eleanor at [smilesquad\\_eval@abtglobal.com](mailto:smilesquad_eval@abtglobal.com).
